Mr. Moore made a motion to approve lowering the fees, Mr. Bradford seconded and all agreed.

George asked about the hours for Halloween as it falls on a Sunday this year.

Trick or Treat will be Sunday from 4PM to 8PM, the same as Penns Grove and Carneys Point.

Mr. Griffin reviewed repairs that had to be done recently for public works equipment. He will need a couple of bearings for the spreader-approximately \$200.

The rabies clinic is scheduled for January 15, 2011.

We now have 75 to 80 recycling containers left.

Jim-Animal Licensing program was \$400 per year, now \$600 in 2011 for maintenance and updates. Woodstown paid about \$300 with Munidex. We may want to consider changing companies. The problem may be transferring data. We now have FRA Technologies.

Logan Volunteer Fire Company, Gary Moore and Jeffrey Newman, presented their 2011 budget. They would like the committee to consider Wildland gear. This could work on every fire except structure fires. With these they would need leather boots.

They submitted a fire fighters grant for turn out gear and they were denied. Auburn submitted a grant for radios for all three organizations.

Jim asked about the radio situation.

Gary-the county is looking at several possibilities.

Motorola is not supporting maintenance for 10 years or older equipment. Everything is working right now.

Pump maintenance is scheduled for next Monday.

Bill asked if they are applying again for turn out gear grant.

Gary-feels they have no option-their gear is getting old so they will continue to apply.

Interior firefighters have the best gear.

SCBA-cylinders are in the budget but haven't been bought yet.

Tire replacement-still need to replace 2 steering tires and trailer tires on the tanker need to be replaced.

Harry asked about driver training.

Gary-Driver training and pump training is done in house. They have a pre test and post test and must score 75% or higher than the pre test. Only CDL people can drive the tanker.

Asked if the committee had made any decisions about a used ambulance.

Bill-we have \$25,000 and we can't buy one for that.

Rich-the squad is willing to put \$2,000 per year over a 5 year period toward it.

Bill-if it is a true need-the Ambulance Squad should not have to do fund raisers for a second ambulance.

Jim-If the township is set on an amount not to exceed we could do a capital ordinance. . We could use funds for emergency equipment and do a capital ordinance-a capital ordinance takes two meetings.

Bill asked how the old ambulance would be disposed of.

Jim-we could advertise for bids and could set a minimum bid.

Pam-the hydraulic lift for hydrogen bottles will not work with their ambulance. They would need a ground one and could be used for both ambulances. The received a quote of about \$2,000.

Rich-for radio installation and decaling the squad could pick up that expense. Suggested putting a cap on cost of second ambulance at \$50,000.

Bill suggested doing the ordinance in January next year.

Rich asked if they should have someone remove the radio from the old ambulance.

Bill-yes, he will check with John Hoffman on the procedure to get rid of the old ambulance.
